

# **ETK, Under Insulation End Termination Kit**

ETK, End Termination Kit for Pipes (For Use with BTT Families of Heating Cables)

---

## **ETK, Under Insulation End Termination Kit Description**

The ETK End Termination Kit is designed and approved for use with the BTT family of heat trace cables. The ETK is NEMA 4X and is suitable for use in non-hazardous locations.

The kit is designed to be installed under the thermal insulation.

### **Features and Benefits:**

- NEMA 4X Construction,
- Kit can be mounted in any orientation on pipe run
- Under the Insulation design provides protection from the weather and mechanical abuse.

---

## **Kit Contents:**

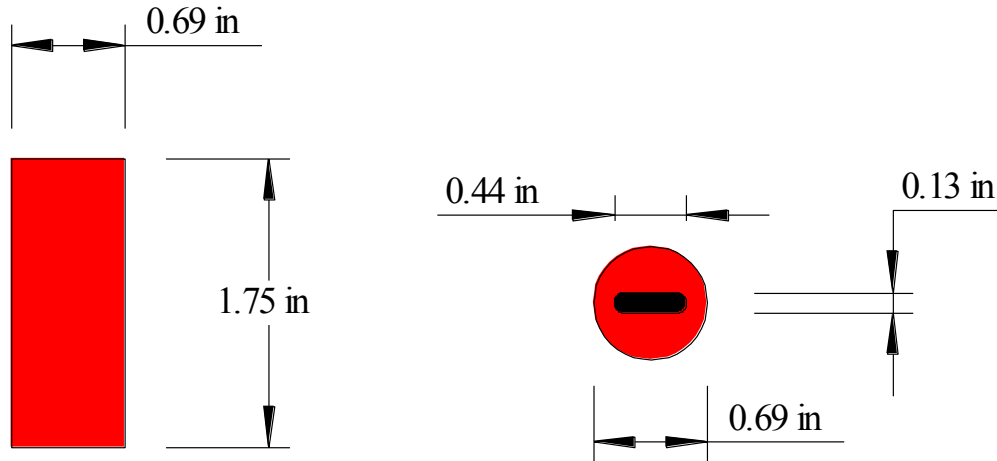

### **ETK**

- 1 End Cap
- 1 Hose Clamp
- 1 Caution Label
- 1 RTV Sealant
- 1 Applicator Stick

# ETK, Under Insulation End Termination

## Dimensions:

## Specifications:

Heating Cable	BTT-P, BTT-T
Ingress Protection	NEMA 4X
Entries	N/A
Minimum Installation Temperature	-40 deg F
Maximum Pipe Temperature	400 deg F
Maximum Conductor Size	N/A
Maximum Operating Voltage	277 Vac
Maximum Current Rating	40 Amp Heat Trace Circuit

## Materials of Construction:

End Cap	Silicone
Hose Clamp	Stainless Steel

## Ordering Information:

End Termination Kit	ETK
---------------------	-----

## Approvals:

UL, Pipe Heat Trace, Non-Hazardous Location
